When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first.. "Please just call me Tom. I've been forcibly retired from the Oregon State Police, with full disability because of this face, so I'm not officially a detective anymore. Yet until Enoch Cain is behind bars, where he belongs, I'm not ready to be anything but a cop, official or not." After too many years investigating homicides, after too much experience of human evil, perhaps he had grown both misanthropic and paranoid.. He hadn't the slightest doubt that eventually he could romance Renee into marriage, regardless of her wealth and sophistication. He could shape women to his desire as easily as Sklent could paint his brilliant visions on canvas, easier than Wroth Griskin could cast bronze into disturbing works of art.. Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked.. Junior considered leaving before Vanadium still seventy-five yards away arrived. He was afraid he would appear to be fleeing.. At the midpoint of the table, directly under the chandelier, the flashing silvery disc turned through the air, turned, turned, turned out of this world into another.. An authoritative note came into Parkhurst's voice, that emperor-of- tone that probably was taught in a special medical-school course on intimidation, though he was striking this attitude a little too late to be entirely effective. "My patient is in a fragile state. He mustn't be agitated, Detective. I really don't want you questioning him until tomorrow at the earliest." Clutching the red rose in his left hand, the brightly wrapped gift box half crushed in his right, Thomas Vanadium lay at Junior's mercy, with no tricks to perform, no quarter to set dancing across his knuckles.. Shortly before ten o'clock, Junior returned to the cemetery and left his Suburban where the Negro mourners had parked earlier in the day. His was the only vehicle on the service road.. If her beautiful son was to be a prodigy of any kind, she would thank God for his talent and would do anything she could to help him achieve his destiny.. "I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do." Although Junior was free of the superstitions that Naomi, in her innocence and sentimentality, had embraced, he wept without pretense.. and humble. They managed to worry up tuition for art school, but Celestina worked as a waitress to pay for her studio apartment and other needs.. The short walk across the room, to the hero's table, looked more daunting to Paul than the trek he'd just completed. He was nobody, a small-town pharmacist who missed more work each month, who relied increasingly on his worried employees to cover for him, and who would lose his business if he didn't get a grip on himself. He had never done a great deed, never saved a life. He had no right to impose upon this man, and now he knew he hadn't the nerve to do so, either.. **MONEY FOR THE DEAD.** The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold.. self-controlled as he would need to be in any interrogation conducted by this brush-cut, thick-necked toad.. Putting one hand on the object to which she referred, Barty said, "Mom and I were listening to a book when you got here. This is a talking book." If the policeman's gray eyes had earlier been as hard as nailheads, they were now points, and behind them was willpower strong enough to drive spikes through stone.. He hadn't heard the cop get out of the chair and cross the dark room. Difficult.. He smiled. "Those of us who were priests first--yeah, we're all a broody bunch. Of the others--not many, but probably more than you think." Bellini assured Celestina that they didn't expect Enoch Cain to be so brazen as to follow police vehicles and to renew his assault on her at St. Mary's. Nevertheless, he assigned a uniformed police officer to the hall outside of the waiting room that served friends and family of the patients in the intensive-care unit. And judging by that guard's high level of vigilance, Bellini had not entirely ruled out the possibility that Cain might show up here to finish what he started in Pacific Heights.. He might suspect, but he couldn't know. He would but would be left with at least a shred of doubt about Junior's.. "That's not what they say," the boy replied with a giggle, for his extensive reading had introduced him to words that he and she agreed were not his to use.. A Description of Earthsea.. Shopping for fashion accessories relaxed Junior. He spent a few hours browsing for tie chains, silk pocket squares, and unusual belts. Riding the up escalator in a department store, between the second and.. "Longer to wait between Christmases," she said. "And between birthdays. I'd save a bunch of money on gifts." "Because of a certain awareness you've had since childhood," Celestina said, recalling what he'd told her in San Francisco.. She told him to stay on the line, stay on no matter what, told him to keep talking to her, and he hung up.. The driver shook his head. "I knew everything anyone would need to know about you when I heard you ask your kid what would happen if the stupid boogeyman showed up in her dream." Celestina sensed an easy camaraderie

between these two men, but also tension that was perhaps related to the reference to an illegal search..Consequently, he scheduled more time every day with the phone books. He had obtained directories for all nine counties that, with the city itself, comprised the Bay Area..The minister's threat had been forgotten, repressed. At the time, only half--heard, merely kinky background to lovemaking, these words had amused Junior, and he'd given no serious thought to their meaning, to the message of retribution contained in them. Now, in this moment of extreme danger, the inflamed boil of repressed memory burst under pressure, and Junior was shocked, stunned, to realize that the minister had put a curse on him!.AS MEANINGFUL AS Jacob's death had been within the small world of his family, Agnes Lampion never lost sight of the fact that there were more resonant deaths in the larger world before 1968 ended and the Year of the Rooster followed. On the fourth of April, James Earl Ray gunned down Martin Luther King on a motel balcony in Memphis, but the assassin's hopes were foiled when, because of this murder, freedom grew more vigorously from the richness of a martyr's blood. On June 1, Helen Keller died peacefully at eighty-seven. Blind and deaf since early childhood, mute until her adolescence, Miss Keller led a life of astonishing accomplishment; she learned to speak, to ride horses, to waltz; she graduated cum laude from Radcliffe, an inspiration to millions and a testament to the potential in even the most blighted life. On June 5, Senator Robert F. Kennedy was assassinated in the kitchen of the Ambassador Hotel in Los Angeles. Unknown numbers died when Soviet tanks invaded Czechoslovakia, and hundreds of thousands perished in the final days of the Cultural Revolution in China, many eaten in acts of cannibalism sanctioned by Chairman Mao as acceptable political action. John Steinbeck, novelist, and Tallulah Bankhead, actress, came to the end of their journeys in this world, if not yet in all others. But James Lovell, William Anders, and Frank Borman-the first men to orbit the moon-traveled 250,000 miles into space, and all returned alive.. "Yes?" the silver-haired eminence replied, wrinkling his nose as though he suspected that this customer would ask if the display pedestal was included in the price..He fished the sound-suppressor from a jacket pocket, drew the pistol from his shoulder holster, and began to screw the former to the latter. He misthreaded it at first because his hands had begun to shake.. "Thirsty," Agnes rasped. Her voice was Sahara sand abrading anient stone, the dry whisper of a pharaoh's mummy talking to itself in a vaulted sealed for three thousand years..Putting an arm around Paul's shoulders, Dr. Salk walked with him along a street lined with eucalyptuses and Torrey pines, to a nearby pocket park. They sat on a bench in the sunshine and watched duck waddle on the shore of a man-made pond..He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness..Though she worried that reading would strain his eyes, worsening his condition, she recognized the irrationality of her fear. Muscles don't atrophy from use, nor eyes wear out from too much seeing..Neddy occupied the entire spacious fourth floor of the house. The third and second floors were each divided into two apartments, the ground floor into four studio units, all of which he rented out..Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever..Joey was standing just outside, gazing in at her. His blue eyes were seas where sorrow sailed..Her voice as bright as her bed ensemble, spiritual sister to baby chicks everywhere, yellow Angel raised her head from the pillow and said, "Will you have a wedding?".He was confused initially, frowning at the heart monitor and at the IV rack that loomed over him. When his eyes met Celestina's, his gaze clarified, and the smile that he found for her brought as much light into her heart as the diamond ring he had slipped onto her finger so few hours before..He stopped for lunch at a restaurant with a spectacular view of the Pacific, framed by massive pines.. "Just now." Although Angel tried to sound nonchalant, she was trembling. "I'm not sure I can do it again..".At sunset, the boy stood in the backyard, gazing up through the branches of the giant oak as an orange sky darkened to coral, to red, to purple, to indigo..IN GOOD DARK SUITS, clean-shaven, as polished as their shoes, carrying valises, the three arrived in Junior's hospital room even before the usual start of the working day, wise men without camels, not bearing gifts, but willing to pay a price for grief and loss. Two lawyers and a high-level political appointee, they represented the state, the county, and the insurance company in the matter of the improperly maintained railing on the observation platform at the fire tower..With his bent thumb against the crook of his forefinger, he flipped the quarter. Even as the coin snapped off the thumbnail and began to stir the air, Tom flung up both hands, fingers spread to show them empty and to distract. Yet on a second look, the coin was not airborne as it had seemed to be, no longer spinning-wink, wink-before their dazzled eyes. It had vanished as though into the payment slot of an ethereal vending machine that dispensed mystery in return..Bartholomew might be a teenager living with his parents or a dependent adult residing with family; if so, he wouldn't be revealed in this search, because the phone would not be listed in his name. Or maybe the guy loathed his first name and never used it except in legal matters, going by his middle name, instead.. "Two weeks to go. I'm not going to miss that. I've cleared all appointments off my calendar..". "That won't do it..". "Because Cain had called him to get a recommendation of a P. I. here in San Francisco," said Kathleen. "To find out what happened to Seraphim White's baby..".An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian..Besides, he couldn't any longer afford to spend endless hours either learning a new language or attending the opera. His life was too full, leaving him insufficient time for the Bartholomew search..She asked Edom to stay in the main house, so Barty wouldn't be alone while she visited Maria Gonzalez for an hour or two. He was pleased to oblige, settling down to watch a television documentary about volcanoes, which promised to include stories about the 1902 eruption of Mont Pelee, on Martinique, which killed 28,000 people within minutes, and other disasters of colossal proportions..At the end of their second date, however, Frieda invited Junior up to her apartment, to see her Lientery collection and, no doubt, to take a ride on the Cain ecstasy machine. She owned seven canvases by the painter, received as partial payment of his PR bills.. "Uncle Edom. Uncle Jacob. Aunt Maria. So I can remember faces after ... you know..".Busily, earnestly, with great satisfaction, Junior redirected his anger at Celestina and at the man with her. These two were, after all, guardians of the true Bartholomew, and therefore Junior's enemies..At dawn, he and his mother went down to the sea, to watch the rolling waves filigreed with foam and gilded with the molten gold of morning sun, to see the kiting gulls and to scatter bread that brought the winged multitudes to earth..CLOUDS SWARMED THE late-afternoon sun, and the Oregon sky grew sapphire where still revealed. Cops gathered like bright-eyed crows in the lengthening shadow of the fire tower..This graciousness didn't free Paul to speak. Instead, he felt his throat thicken, trapping his voice more tightly still..They wanted to go up to Barty's room, but she refused them, because there was nothing more they could do for the boy than they had done for her. "He wants to finish reading Starman Jones, and I'm not letting anything

interfere with that. We're leaving for Newport Beach at seven in the morning, and you can see him then." On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious... Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future.. She looked surprised, all right, but her expression wasn't the one that Junior had painted on the canvas of his imagination. Her surprise had no delight in it, and she didn't at once break into a radiant smile.. Her hands trembled as she attempted to fold her sister's clothes into the small suitcase. What should have been a simple task became a daunting challenge; the fabric seemed to come alive in her hands and slip through her fingers, resisting every attempt to organize it. When eventually she realized there was no reason to be neat, she tossed the garments into the bag without concern for wrinkling them.. For a while, Celestina had worried that the girl was slower to walk than other children, slower to talk, and slower to develop her vocabulary, even though Celestina read aloud to her from storybooks every day. Then, during the past six months, Angel had caught up in a rush though she traveled a road somewhat different from what the childrearing books described. Her first word was mama, which was fairly standard, but her second was blue, which for a while came out "boo." At three, an average child would be doing exceptionally well to identify four colors; Angel could name eleven, including black and white, because she was able routinely to differentiate pink from red, and purple from blue.. Kathleen savored her martini. "Mmmm ... as cold as a hit man's heart and as crisp as a hundred-dollar bill from the devil's wallet.." Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft.. Of firm but pliable rubber, custom-formed to his disfigured foot, a shoe insert filled the void left by his missing toe. This simple aid ensured that virtually all footwear was comfortable, and by November, Junior walked with no discernible limp.. Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life--and fully understanding the implications of this knowledge--takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks.. Both angry and mortified, yet still fearful, a walking multimedia collage of emotions, Junior left the gallery.. Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body.. Quickly, he searched for the source, but in less than a minute, before he could trace the voice, it faded away. Unlike that night in December, this time the singing didn't resume.. As Tom Vanadium studied the stained and ravaged wall again, a cold and quivery uneasiness settled insectivally onto his scalp and down the back of his neck, quickly bored into his blood, and nested in his bones. He had the terrible feeling that he was not dealing with a known quantity anymore, not with the twisted man he'd thought he understood, but with a new and even more monstrous Enoch Cain. Carrying the tote bag full of Angel's dolls and coloring books, Wally crossed the sidewalk ahead of Celestina and climbed the front steps.. Maybe he went a little crazy then. He wouldn't deny a brief, transient madness.. The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun.. "Will I love you tomorrow, you mean, and the day after tomorrow, and on forever? Of course, forever, Wally, always.." An emergency kit in the trunk of his car contained a flashlight. He fetched it and sweetened the bribe to the valet.. It was the best he could do in protest against the misuse of good work and a good ship. He was pleased with himself. When the ship was launched (and all seemed well with her, for her fault would not show up until she was out on the open sea) he could not keep from his teachers what he had done, the little circle of old men and midwives, the young hunchback who could speak with the dead, the blind girl who knew the names of things. He told them his trick, and the blind girl laughed, but the old people said, "Look out. Take care. Keep hidden.." Although this was perhaps the happiest evening of Celestina's life, it wasn't without a note of melancholy. She couldn't avoid thinking about Phimie.. At last he said, "And there he is, hands in front of his face, quarters bouncing off him, these kids and this old lady scrambling around him to snare some change.." Frantically, he squirmed around on the floor until he was facing the entrance to the kitchen. Through tears of pain, he expected to see a Frankensteinian shadow loom in the hall, and then the creature itself, gnashing its fork-tine teeth, its corkscrew nipples spinning.. Although a cold current crackled along the cable of her spine, Agnes smiled at the card. She was determined to change the dark mood that had descended over them.. After prying Junior out of the meditative position, Chicane pushed him onto his back and vigorously--indeed, violently--massaged his thighs and calves. "Really bad muscle spasms," he explained..
