He half expected to hear Thomas Vanadium in the distance, softly singing "Someone to Watch over Me.".When the waiter had gone, -Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise.".Even when he saw no cop cadaver, no ghoulish grin, no two-bit eyes, Junior was not immediately relieved. Warily, he circled the car, expecting to find the detective crouching and poised to spring..Aftermath had a way of being discovered, often at the worst of all possible moments, which he had learned from movies and from crime stories in the media and even from personal experience. Discovery always brought the police at high speed, sounding their sirens and full of enthusiasm, because those bastards were the most past-focused losers on the face of the earth, utterly consumed by their interest in aftermath..His enjoyment of the art was diminished by these associations, and as Junior turned away from Industrial Woman, his attention was suddenly captured by the quarters. Three lay on the floor at her gear wheel-and-meat-cleaver feet. They had not been here earlier..Unable to speak, the girl kissed her and then gently placed her head against Agnes's breast, capturing forever in memory the pure sound of her heart..Beyond the windows, the winter night sifted sootily down through the twinkling city, as he sat in his living room with a glass of Dry Sack in one hand and the picture of Celestina White in the other..At home, Agnes had no appetite, but she fixed Barty a cheese sandwich, spooned potato salad into a dish, added a bag of corn chips and a Coke, and served this late dinner on a tray, in his room, where he was already in bed and reading Tunnel in the Sky..Since childhood, he had been waiting for this moment-if indeed it was The Moment-and he had nearly lost hope that the much-desired encounter would ever come to pass. He had expected to find others with his perceptions among physicists or mathematicians, among monks or mystics, but never in the form of a three-year-old girl dressed all in midnight-blue except for a red belt and two red hair bows..In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined..under the spoon to catch drips, she conveyed the shimmering sliver to Agnes's mouth..Startled, he snatched his hand back. The object fell, ringing faintly against the pavement..The detective was driven by this string theory of his, and maybe he also saw visions or even heard voices, like Joan of Arc. Joan of Arc with out beauty or grace, Joan of Arc with a service revolver and the authority to.She was shaking and so afraid, not thinking clearly, and for a moment she didn't understand what he meant, what he wanted, and then she saw that the window on his side of the car was shattered, too, and that the door beyond him was badly torqued, twisted in its frame. Worse, the side of the Pontiac had burst inward when the pickup plowed into them. With a steel snarl and sheet-metal teeth, it had bitten into Joey, bitten deep, a mechanical shark swimming out of the wet day, shattering ribs, seeking his warm heart..This didn't work for Junior. Strangely, when he focused on a mental image of any fruit-apple, peach, banana-his thoughts drifted to sex. He became aroused and had no hope of clearing his mind..Nothing he could do about it now. Having Naomi's body moved to another grave, in a cemetery without Negroes, would cause a lot of talk. He didn't want to draw more attention to himself..His Country Squire laden with cookies, plum cakes, homemade caramel corn with almonds, and gifts, Edom drove directly home from Obadiah Sepharad's place, which had been their final stop. He roared away as if trying to outrun tornadoes and tidal waves..Bracing her feet against the floorboards, clutching the seat with her left hand, fiercely gripping the door handle with her right, she prayed, prayed that the baby would be all right, that she would live at least long enough to bring her child into this wonderful world, into this grand creation of endless and exquisite beauty, whether she herself lived past the birth or not..The two men introduced themselves. The physician was Dr. Jim Parkhurst. His manner was easy and affable, and his soothing voice, either by nature or by calculation, was as healing as balm..NOLLY FELT A little silly, walking the mean streets of North Beach under a white umbrella with red polka dots. It kept him dry, however, and with Nolly, practical considerations always triumphed over matters of image and style.. "Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally

effective." If she'd connected with his left side, as she intended, she might have broken his arm or cracked a few ribs. But he saw the chair coming, and as agile as a base runner dodging a shortstop's tag, he turned away from her, taking the blow across his back. Yet, uncaught, the quarter would have dropped to the floor. Junior would have heard it ring off the tiles. Which he hadn't. He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally." Indeed, as Celestina and the kid reached the foot of the steps to this second house, Bartholomew pointed, and the woman turned to look back. She appeared to stare straight at the Mercedes, though the fog made it impossible for Junior to be sure. Celestina checked her wristwatch and saw that she was running late. With Angel's short legs and layers of red, there was no point in trying to hurry. "Me, I don't like anything old. This White chick's got a weird thing for old people, old buildings, old stuff in general. Like she doesn't realize she's young. You want to grab her, shake her, and say, 'Hey, let's move on,' you know?" Furious, he squeezed off two shots. Passing the living-room archway, Tom saw Jacob in the armchair, under the reading lamp, slumped as if asleep over the book. His crimson bib confirmed that he wasn't just sleeping. with an encircling and suggestive lick, and then licked his lips, too, when the cold steel slipped free of them. ANGEL WAS DRESSED in as much red as the devil himself: bright red shoes, red socks, red leggings, red skirt, red sweater, and a knee length red coat with a red hood. Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby. In a sudden desperate burst of action, Junior tore at the dead man's closed hand, sprang open the trap of fingers and palm and did not find a quarter. Nor two dimes and a nickel. Nor five nickels. Nothing. Zip. Zero. WHILE THE SLATS of ash-gray light slowly lost their meager luster, and sable shadows metastasized in sinister profusion, the sentinel silence remained unbroken between Junior Cain and the birthmarked man. He was, admittedly, surprised that Nurse Bressler was strongly compelled to come on to him even though she had read his patient file and knew that he'd recently been a veritable geyser of noxious spew, that during the violent seizure in the ambulance, he had also lost control of bladder and bowels, and that he might at any moment suffer an explosive relapse. This was a remarkable testament to the animal lust he inspired even without trying, to the powerful male magnetism that was as much a part of him as his thick blond hair. After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modern medicine and willpower. But right now he seemed to have been put back together with spit and string and Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones. Evidently, either Frank Sinatra was an enthusiasm that Victoria and the detective shared, or the nurse purchased some of the crooner's records expressly for their dinner engagement. She proceeded down the shadowy center aisle, genuflected at the chancel railing, and went to the votive rack. For Junior, 1968--the Chinese Year of the Monkey--would be the Year of the Plastic Surgeon. He would require extensive dermabrasion to restore the smoothness and tone to his skin, to be as irresistibly kissable as he had been before. While at it, he would need surgery to make subtle changes in his features. Tricky. He didn't want to trade perfection for anonymity. He must take care to ensure that his postsurgery look, when he let his hair grow in and perhaps dyed it, would be as devastating to women as his previous appearance. His waitress was a cutie. She flirted with him, and he knew he could have her if he wanted. He doubted the Studebaker would ever be found, but successful men were, without exception, those who paid attention to detail. But the other learning he had been given had made Otter touchy in these matters, delicate of conscience. The big galley they were building now would be rowed to war by Losen's slaves and would bring back slaves as cargo. It galled him to think of the good ship in that vicious usage. "Why can't we build fishing boats, the way we used to?" he asked, and his father said, "Because the fishermen can't pay us." Mechanics have reliably steady hands, yet Jacob's hands shook as he discarded two cards and slowly turned over the ninth draw. For all his brilliance, however, he was still a boy who loved to run and jump and tumble. Who swung from the backyard oak tree in a rope-and-tire swing. Who was thrilled when given a tricycle. Who giggled in delight while watching his uncle Jacob roll a shiny quarter end over-end across his knuckles and perform other simple coin tricks. It could only be made better by the presence of her parents. They had planned to fly down to San Francisco this morning, but late yesterday, a parishioner and close friend had died. A minister and his wife sometimes had duties to the flock that superseded all else. Obadiah tossed the pack of cards to Edom, startling him. "Son, you'll have to help me. My fingers have no finesse anymore." Worse than the tenderness in the bones, the bleeding gums, the headaches, the ugly bruises, worse than the anemia-related weariness and the spells of breathlessness, was the suffering that her battle caused to those whom she loved. More frequently as the days passed, they were unable to conceal their worry and their sorrow. She held their hands when they trembled. She asked them to pray with her when they expressed anger that this should happen to her--of all people, to her, and she wouldn't let them go until the anger was gone. More than once, she pulled sweet Angel into her lap, stroked her hair, and soothed her with talk of all the good times shared in better days. And always Barty, watching over her in his blindness, aware that she would not be dying in all the places where she was, but taking no consolation from the fact that she would continue to exist in other worlds where he could never again be at her side. He hadn't paid close attention to those patrons seated at the bar behind him. Now, he turned in his chair to study them. After clicking off the kitchen lights, the hall light, and the light in the foyer, he pulled shut the front door, leaving the house dark and silent behind him. The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell. When Paul practiced the quarter trick, he usually did so on the sofa or in an armchair, and always in a room with carpeting, because when dropped on a hard surface, the coin rolled and required too much chasing. By the time Agnes opened the driver's door and slumped behind the steering wheel, Barty levered himself onto the seat beside her. Grunting, he pulled his door shut with both hands as she jammed the key in the ignition and started the engine. Lowering his surgical mask, Dr. Lipscomb approached Celestina, where she stood with her back pressed to the wall. Her fear, Agnes suddenly realized, arose from her father's often expressed conviction that an attempt to excel at anything was a sin that would one day be grievously punished. All forms of amusement were sinful, by his way of thinking, and all those who sought even

the simplest entertainment were lost souls; however, those who desired to amuse others were the worse sinners, because they were overflowing with pride, striving to shine, eager to make themselves into false gods, to be praised and adored as only God should be adored. Actors, musicians, singers, novelists were doomed to hell by the very acts of creation which, in their egomania, they saw as the equal of their Creator's work. Striving to excel at anything, in fact, was a sign of corruption in the soul, whether one wanted to be recognized as a superior carpenter or car mechanic, or a grower of prize roses. Talent, in her father's view, was not a gift from God, but from the devil, meant to distract us from prayer, penitence, and duty..Now, after removing the four decks of cards from the pressboard packs in which they had come, Jacob lined them up side by side on the scarred maple top of the table..At Thanksgiving dinner, again at the three tables set end to end, in the year of the triple zero, Mary Lampion, now fourteen years old, made an interesting announcement over the pumpkin pie. In her travels where none but she could go, after seven fascinating years of exploring a fraction of all the infinite worlds, she said she sensed beyond doubt that, as Barty's mother had told him on her deathbed, there is one special place beyond all the ways things are, one shining place.. "Toes," he repeated immediately in his sweet, piping voice. This was a new word for him..Assuming that the boy had closed his eyes and was talking to himself, somewhere between his self-told bedtime story and a dream, Agnes retreated from the room, pulling the door only half shut behind her..Following little Bartholomew's murder, however, people might remember the man who had been asking after the mother, Celestina. Junior wasn't just any man, either; irresistibly handsome, he left an indelible impression on people, especially on women. Inevitably, the cops would be knocking on his door, sooner or later..He was immensely weary, limp. He felt oppressed, as though a great weight were piled on him. Even keeping his eyes open was tiring..Paul set the nightstand down but waited, ready to shove the furniture into the stairwell if the swaddled gunman dared return..The detective gazed at the cash as longingly as a glutton might stare at a custard pie, as intensely as a satyr might ogle a naked blonde. "Impossible. Too damn much integrity in their system. You might as well ask me to go to Buckingham Palace and fetch you a pair of the queen's undies..".During the first months, the journeys were eight or ten miles: along the shoreline north and south of Bright Beach, and inland to the desert beyond the hills. He left home and returned the same day.
