I assumed your mother and Angel would be here, and I hoped you might be. If I'm intruding-".The universe was vast and Barty small, yet the boy's immortal soul made him as important as galaxies, as important as anything in Creation. This Agnes believed. She couldn't tolerate life without the conviction that it had meaning and design, though sometimes she felt that she was a sparrow whose fall had gone unnoticed. Barty sat on the edge of the doctor's desk, legs dangling, holding Red Planet, his place marked by an inserted finger..spades. Friday night, she had ripped the cards in thirds and had been carrying the twelve pieces with her since then, waiting for this quiet Sunday evening..Regrettably, his radiant smile only emphasized, by contrast, the dire shortcomings of the face from which it beamed. Lumpish, pocked, wart-stippled, darkened by a permanent beard shadow with a bluish cast, this countenance was beyond the powers of redemption possessed by the best plastic surgeons in the world, which was no doubt why Nolly applied his resources strictly to dental work.. "Yes, I'm nicely rounding myself into an early grave," he said almost cheerfully. "And I must admit to enjoying it."..Jacob had spent most of two days baking Barty's favorite pies, cakes, and cookies, and he'd prepared a meal as well. Maria's girls were at her sister's place this evening, so she stayed for dinner. Edom poured wine for everyone but Barty, root beer for the guest of honor, and while this couldn't be called a celebration, Agnes's spirits were lifted by a sense of normality, of hope, of family..The purpose of life was self--fulfillment, per Zedd, and Junior was so rapidly realizing his extraordinary potential that surely he would have pleased his guru..Because of the events regarding Barty and Angel back in January, Celestina, Grace, and Wally were no longer displaced persons waiting to return to San Francisco. They had begun anew here in Bright Beach; and judging by all indications, they were going to be as happy and as occupied with useful work as it was possible to be on this troubled side of the grave..Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew."..They came to her, picked up the luggage that she had put down, and Edom said, "I'll drive."..No turning back. In the fuming blackness, they would become disoriented in seconds, fall, and suffocate as surely as they would burn. Besides, the open window, providing draft, would draw the fire rapidly down the hallway at their backs.."It was in your heart, too, and anything that's in your heart is there for anyone to see. Will your father marry us?".When Renee, sweetly oblivious of her looming doom, claimed to have inherited a sizable industrial-valve fortune, Junior thought she might be inventing the wealth or at least exaggerating to make herself more desirable. But when he accompanied her back to her place, he discovered a level of luxury that proved she wasn't a shop girl with fantasies..The baby felt too light to be real. She weighed five pounds fourteen ounces, but she seemed lighter than air, as though she might float up and out of her aunt's arms..When Agnes groaned, one of the shadows spread its wings, moved closer, to the right side of the bed, and resolved into a nurse. Agnes's vision had cleared. The nurse was a pretty young woman with black hair and indigo eyes..were a favorite pair when he was puttering around the house on weekends. "Oh," he said, "that dog."..Her hands were locked together in her lap, gripped so tightly for so long that the muscles in her forearms ached. "What's wrong?". "It's easy to see you as a cop,"

Kathleen said. All the whacks, pops, and worm buckets just trip off your tongue, so to speak. But it takes some effort to remember you're a priest, too." Barty rode with his mother in her green Chevrolet station wagon. Because the cakes, pies, and gifts were too numerous to be contained in one vehicle, Edom followed them in his flashy yellow-and-white '54 Ford Country Squire. He wasn't afflicted with parenthood envy. A baby was the last thing he would ever want, aside from cancer. Children were nasty little beasts. A child would be an encumbrance, a burden, not a blessing. In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house. "Honey," she said, crouching to peer at him through the vertical slats of the playpen, "what're you doing?" The Rolex. Because most of the trash in the huge bin was bagged, finding the watch would be easier than Junior had feared. He shook so badly that he couldn't remove the cap from the bottle. He was proud to be more sensitive than most people, to be so full of feeling, but sometimes sensitivity was a curse. At Tom Vanadium's request, the taxi dropped him one block from his new-and temporary-home shortly before ten o'clock in the evening. The pubescent physician returned with three colleagues, who crowded behind the privacy curtain to proclaim that none of them had ever seen any case remotely like this before. The oldest-a myopic, balding lump-insisted on asking Junior probing questions about his marital status, his family relationships, his dreams, and his self-esteem; the guy proved to be a clinical psychiatrist who speculated openly about the possibility of a psychosomatic component. Cupping Angel entirely in his big hands, smiling at her, he said, "Oh, no, Mrs. White, this looks like a healthy young lady to me. No medicine required." The social worker's office once more. Rain tapping lightly at the window where Dr. Lipscomb had stared intently into the fog as he tried to avoid confronting the life-changing revelation that Phimie, speaking with the special knowledge of the once-dead, had shown him. The doors were unlocked on a pickup parked next to the Pontiac. Junior lifted the granny onto the front seat of the truck. She was so light, so unpleasantly angular, and she rustled so much that she might have been a new species of giant mutant insect that mimicked human appearance. He was glad, after all, that he hadn't killed her: Granny's prickly--bur spirit might have proved to be as difficult to eradicate as a cockroach infestation. With a shudder, he tossed her purse on top of her, and slammed the truck door. Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as though far more rapidly than the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment. When the attorney finally came on the line, he sounded put-upon, as though Junior were the equivalent of a troublesome toe that he would like to shoot off. Saturday morning, he walked to a drugstore in town and purchased eight decks of cards. With four, he passed the day re-creating, again and again, what he'd done at the dining-room table the previous evening. The four knaves never appeared. He visited the bank in which he maintained a safe-deposit box under the John Pinchbeck identity. He withdrew the twenty thousand in cash and retrieved all the forged documents from the box. excited, shrieking. Branch to branch, the flapping of wings is leathery, demonic. The only other sounds are the thud. Kathleen watched him with obvious amusement, aware that he was savoring her suspense as much as he was the appetizer. "She reads too much hard-boiled detective fiction," Nolly said. "And lately, she's talking about writing it." He hadn't learned much from the call other than that they hadn't found Vanadium in his Studebaker at the bottom of Quarry Lake. After the song concluded, Junior felt better. His heartbeat soon returned to normal. The damp palms of his hands grew dry. Then it would stop. The torment would stop. Surely. His sense of drift, of sliding aimlessly through the days, would lift from him, and he would find purpose once more in determined self-improvement. He would definitely learn French and German. He would take cooking classes and become a culinary master. Karate, too. In the neatly ordered bedroom, he removed his shoes. Stretching out on the bed, he stared at the ceiling, feeling useless. The Beatles began singing the number-one song, "I Feel Fine," as Junior turned off the county highway and followed the lake road northeast around the oil-black water. They had two titles in the American top five. In disgust, he switched off the radio. In this case, he was sure that vanity was not a fault, not the result of a swollen ego, but merely healthy self-esteem. That he was irresistible to women wasn't simply his biased opinion, but an observable and undeniable fact, like gravity or the order in which the planets revolved around the sun. Easter still lay a few weeks away, but already Celestina had begun decorating more than a hundred baskets, so that nothing would need to be done at the last minute except add the candy. Her living room was a warren of baskets, ribbons, bows, beads, bangles, shredded cellophane in green and purple and yellow and pink, and decorative little plush-toy bunnies and baby chicks. Waste of time to check those places. More likely, woman and boy were hiding in the last room. The birthmarked man identified himself as Detective Thomas Vanadium. He did not use the familiar, diminutive form of his name, as had the doctor, and his voice was as uninflected as his face was flat and homely. Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks. When Agnes crunched the ice, the nurse said, "No, no. Don't swallow it all at once. Let it melt." Halos and rainbows loomed in her memory, ominous as they had never been before. Junior said nothing. He was still upset with Naomi for hiding the pregnancy from him, but he was delighted that the baby would have been his. Now Vanadium couldn't claim that Naomi's infidelity and the resultant bastard had been the motive for murder. Dr. Lipscomb brought his hands to his face, covering his nose and mouth as earlier they had been covered with a surgical mask, as though he were in danger of drawing in, with his breath, an idea that would forever change him. She stepped on a broken-off chair leg, lost her balance, and fell backward into the side of the bed. -though this Tom now has a rhinoceros-smacked face, this other Tom, in his own world, has an ordinary face. Poor him, so ordinary. Now, on his kitchenette table, two nights after Maria's reading, Jacob finished integrating the four decks as he had done Friday in the dining room of the main house. His work completed, he sat for a while, staring at the stack of cards, hesitant to proceed. Bracing her feet against the floorboards, clutching the seat with her left hand, fiercely gripping the door handle with her right, she prayed, prayed that the baby would be all right, that she would live at least long enough to bring her child into this wonderful world, into this grand creation of endless and exquisite beauty, whether she herself lived past the birth or not. He already had the pistol he had taken from Frieda Bliss's collection, but it didn't come with a sound-suppressor. He was preparing for all contingencies. Focus. As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again." Stepping forward, Agnes said, "When Barty holds my hand and walks me through the rain, I get wet even while he

stays dry. The same for all the rest of us here ... except Angel." Now, the hateful music unnerved him. He became convinced that if he went home alone, the phantom chanteuse-whether Victoria Bressler's vengeful ghost or something else-would croon to him once more. He wanted company and distraction, after all..He was about to go in search of the canapes when he half heard one of the guests mention Bartholomew to the reverend's daughter. Only the name rang on his ear, not the words that surrounded it..Her voice was soft, almost a whisper, and charged with anxiety; but under other circumstances, it would have been sexy..Edom, who had never made it big, medium, or little, watched his sister blur before him. He strove to contain the shimmering hotness in his eyes. His love was not for magic, and his pride was not in any skill he possessed, for he possessed none worth noting. His love was for his good sister; she was his pride, too, and he felt that his small life had precious meaning as long as he was able to drive her on days like this, carry her pies, and occasionally make her smile..She moved beside him. "For one minute, after her heart stopped the first time, she wasn't here in St. Mary's, was she? Her body, yes, that was still here, but not Phimie."..Ashamed and scared, she told no one. Although a victim, she blamed herself, and the prospect of being exposed to ridicule so horrified her that despair got the better of good judgment..People like Enoch Cain, of course, never choose between the right and the wrong thing, but between two evils. For themselves, they create world after world of despair. For others, they make worlds of pain..Inevitably, he had to wonder if Naomi had kept her pregnancy secret because, indeed, she suspected that the child wasn't her husband's..Junior would have liked to pursue spiritual matters with Sklent, but numerous other partyers wanted their time with the great man. In parting, sure that he would give the artist a laugh, Junior withdrew the brochure for "This Momentous Day" from his jacket and coyly asked for an opinion of Celestina White's paintings.
